* Members neither present or represented by proxy.

The Meeting was canceled due to the lack of participation from the voting members.

The members (voting and non-voting) who came to the meeting formed a discussion group to resolve the remaining issues in the two major cases and to provide a curser review of the other cases on the case list.

Cases Discussed:

- a. **Case 99-03 - Misc. Corrections:** We now have items A through F in this case. Bob Erdman provided two more corrections. This makes the total through H.

- b. **Case 99-03 - Sections 104 & 105 - Issue Resolution:** Pat Thurman discussed the case. Doug Davis provided the last of the City of Mesa's comments to the case. Bob Erdman informed the group that Maricopa County has a procedure to resolve disputes which is different than the present case. Therefore, the County will not be supporting the case as it is presented.
- c. **Case 99-04 - Sections 230 & 792 - Dust Palliatives:** The case was updated with the comments received during the previous month. However, the revision date was not adjusted. As a result, the latest revision of this case is dated June 15, 1999 (same as last month) and was distributed in the monthly mailing. The difference will be the note at the top of each page stating "Modification from the June 15, 1999." This will be the current case. Lou Snow had several comments which will be considered and incorporated into the current case. Also, Peter has received even more comments regarding the case since the word is now spreading that a case is being considered.
- d. **Case 99-05 - Barricade:** The reflective beads were added to the cross members of the barricade. The only local specification for the beads was ADOT.
- e. **Case 99-06 - Section 109.9 - Dollar Value of Major Item:** No changes were made to this case within the past month. No discussion by the group.
- f. **Case 99-07 - Detail 270 - Frame & Cover Installation & Grade Adjustment:** No changes were made to this case within the past month. No discussion by the group.
- g. **Case 99-08 - Section 630 - Gate Valves:** No changes were made to this case within the past month. No discussion by the group.
- h. **Case 99-09 - Detail 200 -** Peter Kandarlis discussed the changes to the detail (3). Some discussion follow to insure that the members understood the intent of the changes and to clarify its use.
- i. **Case 99-10 - ASTM Changes:** No changes were made to this case within the past month. No discussion.
- j. **Case 99-11 - Miscellaneous Corrections:** No changes were made to this case within the past month. No discussion by the group.
- k. **Case 99-12 - Details 404, 427, 505 & 524:** Via E-mail dated July 30, 1999, 10:35 p. m. GMT, to Doug Davis, the City of Phoenix withdrew the case.
